Agenda Memo _25-269 - Pdf

Generated on 11/6/2025, 8:35:07 PM

A comprehensive ordinance update was presented to unify rights-of-way (ROW), **swale, landscaping, driveway, and maintenance regulations** across multiple Village Code chapters.

- The update was structured to promote consistency, enforceability, and resident accessibility while safeguarding infrastructure, drainage, and aesthetic character.

Chapters Revised

- Chapter 30 (Vegetation) and Chapter 50 (Nuisances / Property Maintenance) were consolidated to articulate planting, trimming, and maintenance requirements within public ROW and swales.
- Chapter 66 (Streets, Sidewalks, and Other Public Places) and Chapter 70 (Driveways and Off-Street Parking) were amended to standardize permitting, construction, and enforcement procedures.
- Chapter 74 (Stormwater Management) was fully revised into §74-181 to establish uniform swale and ROW design standards.
- Chapter 78 (Zoning) was supplemented with new ROW landscaping and setback provisions.
- **Appendix A was created to compile the Approved Plant List, planting rules, spacing requirements, and a consolidated fee/fine schedule.**

Unified Standards and Enforcement

- All affected chapters now reference §74-181 (Swale & ROW Design Standards) and Appendix A for planting, grading, and maintenance criteria.
- Penalties, fees, and lien procedures were standardized and centralized in Appendix A to **ensure uniform civil fines (\$150 default per violation), cost recovery, and lien authority.**
- **Enforcement mechanisms include stop-work orders, restoration mandates, and Special Magistrate appeals.**

Approved Plant List and Turf Grass Regulations

- A consolidated list of Florida-Native and Florida-Friendly species was provided, with species-specific spacing requirements (12–36 inches center-to-center).
- Artificial turf is prohibited in all Village ROW and swales.
- Natural sod species (St. Augustine, Floratam, Bermuda) are permitted; drought-tolerant

alternatives (Bahia, Zoysia, Seashore Paspalum) are encouraged.

- Deep-rooted or invasive species are prohibited within 5 feet of the swale centerline or within utility corridors; no planting is allowed directly in the flow line unless flood-tolerant.

Swale & ROW Design Standards (§74-181)

- Swales must remain open conveyances unless an engineered enclosed pipe or bio-swale is approved by the Village Engineer.
- Grading, cross-section profiles, and flow lines are required to conform to Village stormwater specifications to prevent erosion or ponding.
- Driveway crossings must preserve swale function, maintain flow lines, and utilize reinforced-concrete culverts with mitered or flared end treatments for erosion control.
- Irrigation systems in ROW must be adjusted to avoid overspray, slope erosion, or interference with drainage.

Driveway Construction and Permitting (Chapter 70)

- Driveway installations, modifications, or resurfacing within the public ROW require a ROW/driveway permit and plan compliance with §74-181 and engineering standards.
- Sidewalk and apron surfaces must be concrete; pavers are only permitted where no sidewalk exists or is planned, subject to written Village approval.
- Mandatory Village inspections are imposed, with re-inspection fees assessed for non-compliance.

Property Owner Maintenance Responsibilities

- Adjacent property owners are required to maintain the ROW immediately abutting their property, including mowing, edging, litter removal, vegetation trimming to maintain sightlines, and irrigation upkeep.
- Swales must remain unobstructed and vegetated per §74-181 and Appendix A; non-compliant landscaping or obstructions may be removed at the owner's expense without compensation.

Permit, Inspection, Fee & Fine Schedule (Appendix A)

- ROW/Swale work permit, Driveway permit, and Landscape installation permit fees are to be set by resolution.
- Inspection and re-inspection fees are authorized to ensure compliance.
- Civil penalties (default \$150) apply to unpermitted work, drainage obstruction, and failure to maintain ROW or swales; full cost recovery plus administrative fees is provided for restoration or removal actions.
